

India Post GDS 2026

Gramin Dak Sevak — Written Examination Complete Syllabus & Exam Pattern

Conducting body: India Post (Department of Posts) | Official website: <https://indiapostgdsonline.gov.in>

Exam Overview

Examination	India Post GDS 2026 (Gramin Dak Sevak) — Written Examination
Organization	India Post (Department of Posts)
Exam Mode	Online — Computer-Based Test (CBT)
Exam Type	Objective — Multiple Choice Questions (MCQ)
Paper Medium	Hindi & English (the paper may be attempted in either language, except for the language subject)
Total Questions	100
Total Marks	100 (1 mark per correct answer)
Total Time	120 minutes
Official Website	https://indiapostgdsonline.gov.in

The India Post GDS written exam is an online, objective-type test of 100 one-mark questions to be completed in 120 minutes. Candidates may attempt the paper in either Hindi or English — except for the language subject itself.

Please verify the subject split. Publicly circulated summaries of this exam describe the subjects inconsistently — some list five subjects, the exam-pattern table below lists four. This document follows the four-subject, 25-questions-each pattern (totalling 100 marks), which is the internally consistent version, and presents every topic list available. Always confirm the exact subjects and weightage against the official India Post GDS notification before relying on them.

Exam Pattern

The written exam has four subjects. Each subject carries 25 questions and each question is worth 1 mark.

Subject	Total Questions	Total Marks
GK, Reasoning & Analytical Ability	25	25
Mathematics	25	25
English Language	25	25
Hindi Language	25	25
Total	100	100

Duration: 120 minutes. Mode: online (CBT).

Detailed Syllabus

The subject-wise topics below are compiled from the available syllabus summary. Prepare each topic carefully — focused study and regular practice make the biggest difference in an exam where every question carries equal weight.

General Knowledge

- Computer Knowledge
- Indian Culture
- Agriculture
- Business
- Other related social matters
- Basic Human Behaviour
- History of India
- National Movements
- World Geography
- Indian Politics
- Indian Economics
- Commerce and Banking
- Current Affairs

Reasoning and Analytical Ability

- Similarities and Differences
- Decision Making
- Spatial Orientation
- Spatial Visualization
- Analysis and Judgment
- Arithmetic Reasoning
- Arithmetical Number Series
- Observation
- Visual Memory
- Relationship Concepts
- Coding and Decoding
- Statement and Conclusion
- Non-Verbal Series
- Verbal and Figure Classification
- Syllogistic Reasoning
- Analogies
- Discrimination
- Problem Solving

Mathematics

The summary lists mathematics under two groupings — a higher-level set and a numerical-ability set. Both are reproduced below.

Mathematics — core topics

- Trigonometric Functions
- Mathematical Induction
- Complex Numbers
- Exponential and Logarithm Series
- Solutions of Triangles
- Matrices and Determinants
- Probability
- Logarithm
- Statistics
- Mathematical Logic
- Boolean Algebra

Numerical Ability

- Interest
- Profit and Loss
- Discount
- Time and Distance
- Ratio and Proportion
- Time and Work
- Number Systems
- Fractions and Decimals
- Percentages

General English

- Articles
- Prepositions
- Conjunctions
- Tenses
- Verbs
- Synonyms and Antonyms
- Vocabulary
- Sentence Structure
- Proverbs
- Phrases
- Unseen Passage

Hindi Language

The Hindi Language subject tests grammar, vocabulary and comprehension at a level comparable to the English Language paper. The available summary does not give a topic breakdown for this subject — refer to the official notification for the detailed Hindi syllabus.

Preparation Tips

- Give equal attention to all four subjects — each carries the same 25 marks, so a weak subject costs as much as a strong one earns.
- Decide early whether you will attempt the paper in Hindi or English, and practise in that medium — but remember the language subjects are always tested in their own language.
- Build speed: 100 questions in 120 minutes is comfortable only if you practise timed mock tests regularly.
- For General Knowledge, follow current affairs daily and revise static GK — history, geography, polity and economics.
- For Reasoning, practise a mix of verbal and non-verbal question types so no pattern is unfamiliar on exam day.
- Review every mock test — spend extra time on the topics where you consistently lose marks.

This document is a study reference compiled for India Post GDS 2026 aspirants. The subject split and syllabus details in publicly circulated summaries are not fully consistent — always verify against the official notification on <https://indiapostgdsonline.gov.in> before relying on them.
